MOBILE PRINTERS

RP2F Mobile Printers

The RP2F mobile thermal printers are built for the most rugged environments, offering exceptional media and battery capacity, quiet operation, and excellent value to help operations increase efficiency and minimize downtime.

Overview

Print Anywhere, Anytime

The RPF portable printer boosts productivity by allowing workers to print labels on-site for immediate application. This capability minimizes errors and ensures labels are applied precisely where needed.

Reliable Performance

With a powerful CPU and smart power management, the RPF printer delivers smooth, uninterrupted operation. This functionality reduces media reloading and battery swaps, minimizing downtime and letting workers focus on their tasks.

Versatile Media Handling

The RPF Series prints labels and receipts from 25.4 mm (1 in) to 104.1 mm (4.1 in) wide, accommodating various media types including heavy stock for hang tags and specialty labels.

Advanced Connectivity Options

Equipped with 802.11 a/b/g/n/ac Wi-Fi, the RPF printer offers superior range and fast data communication within your WLAN. It also features Bluetooth 5.0 LE, perfect for use with mobile devices or outdoor settings.

Secure and Manageable

Built on Honeywell's robust software platform, the RPF provides integrated device management and strong security, ensuring your printers evolve alongside your business needs.
