ScanPal™ EDA10A Tablet

The Honeywell ScanPal™ EDA10A tablet is a lightweight solution to provide fast, reliable mobile data access on a 10-inch screen. Featuring Wi-Fi 6, it is designed for retail, warehouse and field service.

Overview

The Honeywell ScanPal™ EDA10A tablet offers a rugged yet lightweight solution for mobile business users, delivering fast, reliable data access on a 10-inch screen. Featuring Wi-Fi 6, the EDA10A provides high-speed connectivity indoors for users in retail and field service.

Power Your Productivity:
Equipped with a Qualcomm® Snapdragon octa-core 2.2GHz processor, the EDA10A provides outstanding performance with Wi-Fi 6, NFC, and Bluetooth® 5.1 for high-speed communications. It features a bright FHD display and an ergonomic design for enhanced user comfort, complemented by a robust 8,000 mAh battery that supports hot-swapping for uninterrupted work.

Versatile and Robust:
The EDA10A is versatile, catering to retail, warehouse, manufacturing, and field service environments. In retail, its lightweight design helps employees engage customers effectively. In warehouse and manufacturing, it meets MIL-STD-810H standards for drops and vibration, ensuring durability. The device's display dock and split-screen mode support various applications, from guiding production processes to enhancing teamwork with Honeywell Smart Talk for efficient communication.

Extreme Durability:
Designed to withstand extreme conditions, the EDA10A incorporates Gorilla Glass 5 to minimize screen breakage and is built to endure harsh environments, maintaining performance even in challenging industrial settings. This rugged design guarantees reliability and longevity, making it an ideal tool for mobile workers across multiple sectors.
